EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Michael Keenan on January 13, 2006.

The application has been amended as follows:

A) Cancel claim 34.

Claim 34 was never intended to exist, it was a typo.

2. The following is an examiner's statement of reasons for allowance: the prior art fails to disclose, in combination with all the base limitations, providing a portable power module using a fuel motor, generator, radiator, silencer, container and the fuel motor having a combustion air intake in flow communication with a combustion chamber and receiving a first air portion and the generator having an air intake configured to received a second air portion and the radiator configured to received a third air portion and having a first air circuit configured to provide the

first air portion to the air intake and the second air portion to the generator and further using a second air circuit for providing the third air portion to the radiator.

With respect to the Double Patenting rejection using reference US 6,644,247, a Terminal Disclaimer was filed on 12/25/05 and approved on 01/12/06.

With respect to the Double Patenting Rejection using reference US 2003/0033994 and taking into consideration the Remarks sent by the Applicant's Representative on 08/17/05, the claims in such reference (US 2003/0033994) are different and directed to a different scope, such as describing a structure of a first air circuit and second air circuit with secondary air outlets being positioned at the top to discharge a fraction of a secondary air portion away from the container, which is different from the Present Application.

With respect to the Double Patenting Rejection using reference US 2003/0029390 and taking into consideration the Remarks sent by the Applicant's Representative on 08/17/05, the claims in such reference (US 2003/0029390) are different since such claims emphasize the use of a drainage system for the spillage of liquids inside a container, which is different from the Present Application.

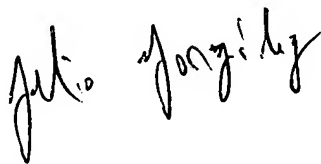

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should

preferably accompany the issue fee. Such submissions should be clearly labeled
“Comments on Statement of Reasons for Allowance.”
